Who are we?

Enzo Web Design was started to provide local and smaller businesses the opportunity to succeed in an ever changing world where large budgets and massive advertising resources are not available. Started in Portsmouth, Hampshire, UK, Enzo now has clients across Hampshire and the UK.

We pride ourselves on producing high quality website's and we have learnt much over the 4 years of trading, our portfolio has a mixture of some of our oldest clients to the most recent, even our Enzo website has change over the years with this being our 5th version of our site.

We would also like to encourage you to view our Flash website which can be accessed from our portfolio page, this will give you an idea of the technology we can re-produce.

Enzo has now branched out to not only offer website design but logo design and PDF solutions, coupled with our knowledge of integrating PAYPAL into website's, we feel we offer great products with family orientated customer service.

You will also have 1 to 1 contact with me (Shaun) personally in the development of your new website.

We have also acquired a free lance photographer who takes care of all photography matters at Enzo, her name is Amy Boiling and she brings a wealth of experience and professionalism to all her work. Some of Amy's work can be seen at www.lilypadpreschool.co.uk.

We currently offer the following services:
