Our Work

Our portfolio has grown over the past 4 years and we are proud of every website we build and design. By looking through our portfolio you will see how we and our methods have changed. This portfolio shows the very first website we created through to our very latest. Please take the time to have a browse through.

What People Say About Us

"A good quality website created via an enjoyable process. We have been particularly impressed with the photography created for our site as well as Shaun's ability to convert our 'rough ideas' into concrete outcomes which ticked all the boxes.

The initial development based on our brief was exceptional and we needed only minor tweaks to navigation, look and feel and layout prior to commissioning. Shaun was always available to us and our requests for change met positively throughout.

I look forward to continuing working with Enzo Web Design in the future and fully expect support to be easy and helpful. Thank you again for doing such a professional job, superb value for money!"

Richard Bonner Lilypad Pre-school - HTML Package and Logo Design

"I would not hesitate in recommending Enzo to anybody looking to have a website built for them, nothing was too much trouble for Shaun and he was always on the end of the phone or email to answer my questions." "Shaun and Leanne produced a website that will give my directories a new lease of life and a new direction - Thanks Enzo"

Adrian Bird Eagle Publishing - 2 x Flash Package and Logo Design
